PROFESSIONAL SKILLS

- Event Planning
- Team Management
- Leadership Skills

EXTRA CURRICULAR ACTIVITIES

- LEO club of SLIIT(Member)

PROJECTS

Travel and Tourism MANGEMENT SYSTEM

2024

(Ongoing)

Built a full-stack web app to allow staff to manage the operations and users to make bookings online. Created a user-friendly and visually appealing frontend using React, ensuring a seamless user experience. Implemented the system using technologies like Express, Node.js, and MongoDB to facilitate efficient communication between the frontend and backend.

My Responsibility - Support & Contact Us Management

E - COMMERCE APP

2024

Individual Project (Ongoing)

Developed a mobile application to buy food in Sri Lanka encouraging local buyers. Created the mobile app using Android Studio in Kotlin language with the help of Firebase to manage the server side.

Hotel and Events MANAGEMENT SYSTEM

2023

Group Leader

A Hotel management system was built using MVC architecture to achieve its functions. This Java project was developed in Eclipse EE and software like Apache Tomcat, and MySQL was used.

My Responsibility - Customer Feedback Management
